Setting the Bar for Services and Solutions to Orchestrate Success

Our Mission

Our mission statement informs our work at every turn. We are committed to seamlessly marrying cutting edge technologies with informed and useful business processes in each customized solution. Each approach is specifically tailored to the unique needs of our customers while always ensuring that the solution is repeatable and adaptable, driving standardization across business lines.

Above all, our work is informed by the way our customers do business. Our solutions are vehicles for reaching success rather than being a destination in themselves.

Corporate Profile

Arpeggio, LLC was founded in 2011 as a consulting firm dedicated to helping small business owners realize success. Focusing on standardized processes, streamlined IT infrastructure, and sustainable growth strategies, Arpeggio successfully helped our clients to shape their futures in the Federal Government contracting environment by utilizing industry best practices to establish a lasting framework for success. Pooling our wealth of corporate experience, we have created a list of offerings targeted to the unique landscape of constantly shifting priorities and an uncertain funding environment that drives contracting requirements.

Arpeggio, LLC is a Service Disabled Veteran Owned Small Business (SDVOSB), minority owned business enterprise (MBE) headquartered in Fairfax, VA. Arpeggio offers support to Government and private industries to improve their business systems' modernization efforts. We support the development of information and organizational component architectures to align with the business enterprise and corporate goals. We utilize the latest methodologies to ensure that business system programs and projects are managed with integrated institutional controls.

Arpeggio's leadership has experience working with private industry, Department of Defense, Department of Homeland Security, Department of State, U.S. embassies in Central, South America, Middle East, Department of Housing and Urban Development, Department of Agriculture, and Foreign Governments.
